

This year **Scoil Chroí Naofa** will  
work towards achieving our  
7<sup>th</sup> Green Schools Flag:

# Global Citizenship - Energy

# What is Global Citizenship?

Remember our last Green Code?

**“Sligo, Ireland, Europe, earth.  
We’re woven together, for now and forever”**

We are not only Irish citizens, we are also citizens of Europe  
and of **planet Earth.**

We must remember that the **choices** we make here in  
**Bunninadden**— like how much energy we use —effect the lives  
of people all over the world.

What has  
Energy got to  
do with Global  
Citizenship.....

...Ever hear of  
Climate  
Change?

We use fossil fuels like oil, petrol, diesel, coal, gas and turf to heat our homes or power our cars.

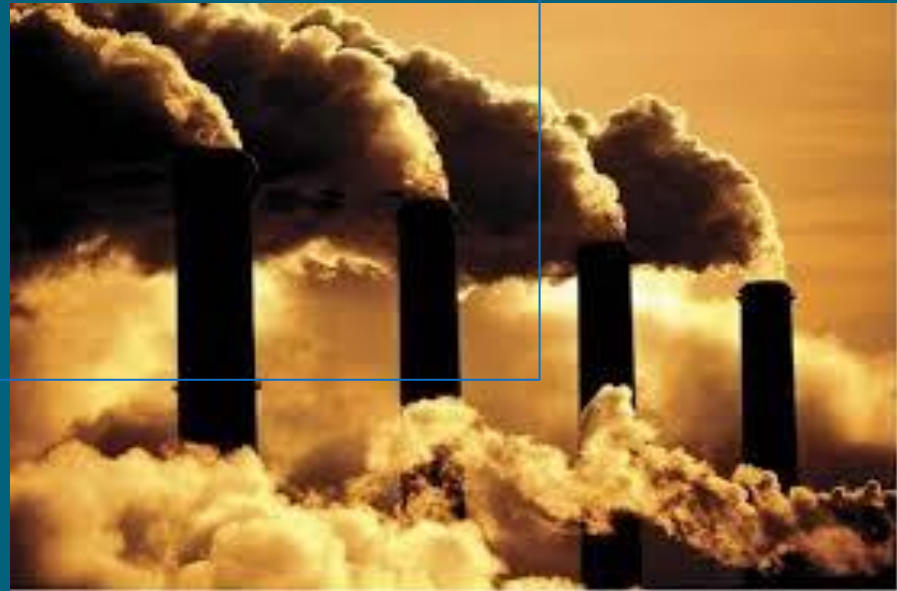

They are also used to create electricity – which we use ALL the time!

But when fossil fuels are burned they release Carbon dioxide (CO<sub>2</sub>)....

...and that **C02** is  
causing Planet  
Earth to get hotter  
and hotter  
every year.

Global Warming can cause Climate Change –  
all over the world

But don't worry  
you can help to  
prevent it!

Let's all work together to reduce the  
amount of energy we use (or waste)  
in

Scoil Chroí Naofa  
and at home too.

We are going to **start** by carrying out an ENERGY REVIEW. You can help us by completing our surveys.

Then we will look at our data and draw up an Action Plan for our school.

We look forward to sharing our plan with you and working together to make Planet Earth a better place!
